AMPLIFIED LABORERS

Amplified Laborers is a Wesleyan Church initiative to mobilize holistic church planting teams to unreached global cities. "Ask the Lord of the harvest, therefore, to send out workers into his harvest field (Matthew 9:38 NIV).

- Pray that the mission of Matthew 9:38 would be amplified among university/college students.
- Pray that local churches would amplify the mission for global transformation by sending some of their own.
- Pray that people of all ages would be led to not only give and pray, but to go.
- Pray that 20 teams made up of people from multiple professions would be raised up to go into cities populated with millions of people yet to know the truth of Christ.
